

SWARDMAN

passion for lawns

Gas and battery-powered reel mowers

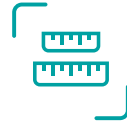

Swardman reel mowers

Dense
and healthy lawn

Cuts every grass blade
on a scissor-like
principle

Choose between
45 and 55 cm
cutting width

Custom configuration
to exactly suit your
needs

EDWIN^{2.1}

- Self-propelled gas reel mower in 45 and 55 cm cut
- Quiet and reliable Briggs & Stratton engine
- Most agile gas reel mower on the market
- Solid steel construction and reliable belt drive
- Personalized accessories

ELECTRA[⚡]

- Battery-powered reel mower with drive and minimum service requirements
- Electra is about 5x quieter than ordinary rotary mowers
- Mows up to 1400 m² on one charge
- Electra means a free movement without cables, electronic control, reverse gear, or a special regenerative mode and cruise control

Interchangeable 5 in 1 cassette system

Reel (5,6,10 blades)

Verticutter

Groomer

Scarifier

Rotary brush
